Reading Sec 8 with Sec 4 of the Inland Revn it appears to be necessary that the area to be constituted into a Municipality should be clearly defined The nature of objection may not be known but in many cases the objection (Cantonments etc) will turn on the inclusion of certain areas (Cantonments etc) within Municipal limits So the boundaries have to be clearly described Book for Mr A S says that this is not necessary when publishing the proclamation that the area has been approved in Govt Ty No 341 S of 06 dt 13 2 15

The correct thing would be to have the boundary from a particular point. Let this be pointed out
